

Resolution

**Celebration of Life
A Resolution In Loving Memory Of**

Jack Ehrhardt, MD

A gifted and renowned physician, Dr. John Allen "Jack" Ehrhardt was in private practice for more than 30 years. As Professor Emeritus at UT Southwestern Medical School and past President of the Dallas Academy of Ophthalmology, he made significant contributions to the field of medicine. His patients adored and trusted him as was evident of their desire to add to his collection of over 400 owls.

Jack was fun to know and to be around. He was a lighthearted man who believed that life should be enjoyed. He loved traveling and explored every continent on this earth. Jack was also an avid scuba diver and as an underwater photographer, captured the most amazing pictures of marine life. Many people will remember Jack's exuberance for the Dallas Cowboys as he was a lifelong fan.

He lived his life with integrity, honesty and pure joy and had a wonderful sense of humor and a loud and contagious laugh. He was an exceptional man who loved life and his family. He was a devoted husband, father, grandfather, great-grandfather, brother, brother-in-law, uncle and friend. Especially after retirement, he was the perfect teammate for Harryette.

Jack will be missed but his love will always be with you - forever in your heart. Cherish the memories as he would want you to remember that life is to be embraced and lived to the fullest. May God's grace strengthen each of you.

Humbly submitted on the 11th day of February, 2017.
