EXECUTIVE SUMMARY

FY2018 Constable's use of Federal Forfeiture funds were performed according to requirements contained in the Guide to Equitable Sharing for State and Local Law Enforcement Agencies (Department of Justice) and the Guide to Equitable Sharing for Foreign Countries and Federal, State, and Local Law Enforcement Agencies (Department of Treasury). The certified reports are to be delivered to the U.S. Department of Justice and the U.S. Department of Treasury no later than 60 days after the fiscal year end. According to the Federal Equitable Sharing Agreement, the head of the law enforcement agency and a designated official of the governing body are required to sign the Annual Certification Report certifying that the accounting of funds received and spent by the law enforcement agency is accurate and in compliance with the guidelines and statutes that govern the equitable sharing program. The federal equitable sharing audit includes a review of the shared funds and property received from federal agencies and federal forfeiture expenditures by Dallas County agencies. DETAILS

Inventory

A review of eight items purchased with Federal Forfeiture funds revealed: there was one purchase that was not recorded on the Precinct's property lists, and the property lists lack pertinent details such as the acquisition and disposition information. Best practices regarding inventory procedures include capital and non-capital property should be tracked according to UGMS 2 CFR Section 200.313, and property should be maintained according to Dallas County Code Chapter 90 Article III. Due to the lack of training and knowledge of inventory procedures, records for forfeiture equipment may be inaccurate.

Recommendation

Inventory

Management should:

- Consider converting the property lists from multiple Word documents to a single Excel file.
- Add tracking elements to the property list including, but not limited to: the purchase order or invoice number, funding source, purchase price per unit, the Dallas County property tag number and IT asset tag number (if either are applicable), and the date and manner of disposal.
- Ensure that the inventory list includes an accurate description of all forfeiture property received and any other information that could be useful in identifying and tracking the property.
