Re: Constable Precinct No. 5 – State Forfeiture FY2016

Scope

A review was performed of financial records relevant to the Constable's use of State forfeiture funds in accordance with Code of Criminal Procedure, Article 59. The forfeiture activity includes \$0 seized, \$0 forfeited, and \$0 expended for Constable Precinct 5 during the state fiscal year ending September 30, 2016. Forfeited funds are held in a special account in the treasury, to be used by the Constable's office solely for law enforcement purposes of her office.

Procedures

The auditor tested the approved budget and availability of cash. Internal controls for financial management by the Constable office including purchasing, accounting, compliance, and reporting are tested at year-end. A random sampling of the total budget activity was selected for certain procedures, while some categories were reviewed in entirety. Review steps included, but were not limited to:

- A. Purchasing
 - Approvals: documented prior to allocations or purchase/obligation
 - Policies/Travel (hotel – meals – transportation)
- B. Accounting
 - Approvals/Support: documented on receipt of service/goods
 - Allocation/Justification: category coding
 - Bank Reconciliation: Constable Precinct 5 records vs. General Ledger vs. bank and outstanding entries
- C. Compliance – used by Constable solely for law enforcement purposes (see Attorney General's opinions on "official law enforcement purposes")
 - Budget/Categories: filed with Commissioners Court at sufficient level both for investigation and non-investigation disclosure
- D. Reporting
 - Budget and Categories: consistent with Attorney General's format
 - Audit: timely signed and remitted
- E. Walkthrough
 - Documents internal controls for the complete procurement process
 - Document internal controls for handling of seized and forfeited funds; handling of seized and forfeited assets
 - Document internal controls for handling of capital and non-capital property (recordkeeping /tracking / tagging)

- Determine if written procedures are in place

Consideration of Internal Control

Tests were performed for limited purpose of compiling financial transactions in format required by the Attorney General. A deficiency in internal control exists when the design or operation of control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A material weakness is a deficiency, or combination of control deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Findings

No State seizure or forfeiture activity occurred in fiscal year ending September 30, 2016.

Recommendations

Develop a written process for asset seizure and forfeiture. The Forfeiture process should include a workflow describing how officers seize assets at the crime scene, document assets at the crime scene, transport assets to the Constable's office, store seized assets, deposit seized money in escrow, hold auctions after case adjudication, deposit money in the forfeiture account, and manage the use of forfeiture funds for purchases.

Track, tag, and promptly record assets purchased with state forfeiture funds or received as an award according to UGMS 2 CFR section 215.34.

Compliance with Laws and Regulations

Audit examination, observation, inspection, and inquiry produced reasonable support or explanation for Chapter 59 audit conclusions and findings.

Summary

We obtained a reasonable assurance about whether support exists for financial transactions. We reviewed and affirmed workflow and approval processes exist. We compiled records for the audit report.

This report is intended for the information and use of County Officers. Our review was conducted on a test basis and was not designed to identify all deficiencies in internal control. We did not test compliance with all laws and regulations applicable to the Dallas County Constable Precinct No. 5 office. Testing was limited to controls and regulations that have a direct and material effect on financial reporting of state forfeiture funds.

Constable Precinct 5 administration is responsible for the establishment and maintenance of effective internal control and compliance with applicable laws, regulations, and contracts, including an asset tracking system in accordance with UGMS 2 CFR section 215.34.
